Additional services on request

Client care services can be included on request for a minimum management fee (€25 - €50):

- ✓ **Local Transport Card Top-Up:** Depending on the location, students will receive a bus or metro transport card with €5 for use during scheduled activities with a team member. If students wish to use the card during their free time, they can top it up at local newsagents, or the **TS Team** can manage the top-up on request.
- ✓ **Private Taxi Services:** While students are not expected to use taxis during their stay, private taxi services are available upon request. We recommend that taxis be booked, managed, and paid for through Transition Spain. This ensures students do not need to pay the driver directly and that the pick-up and drop-off points are confirmed in advance.
- ✓ **Gym Membership Assistance:** We assist with managing optional gym memberships, personally accompanying students to help with registration. Students will be provided with gym information and can opt to register themselves or accompanied by their host family.
- ✓ **Personalised Messages:** The **TS Team** and host families have limited resources for daily updates to parents, should they be required. We inform parents of students' arrival, send photos and any relevant information as often as possible. If parents require additional updates for their own "peace of mind", we are happy to send regular updates from the academic team, monitors, host families and even "goodnight" messages to confirm when the student has arrived home at the established curfew time.
- ✓ **Pocket Money Management:** To help manage pocket money, parents can transfer funds via bank transfer or card payment to the **TS** bank account. Students will be required to sign a receipt for any funds received from the **TS** administration team. Since not all establishments accept card payments, we recommend students bring a small amount of cash, ideally no more than €40 per week.
- ✓ **Special Events:** We can organise personalised events, such as birthday parties, celebrations, personalised gifts, and snack box deliveries on request.
- ✓ **Personal Item Repairs:** Assistance is provided for repairs to personal items, such as mobile devices.
- ✓ **Miscellaneous Requests:** We assist with a range of requests, including organizing additional activities during free time, personal care services, such as haircuts, purchase of pharmaceutical items, etc.
- ✓ **Parental Visit:** As part of our commitment to client care, we are happy to provide recommendations to any parents planning a visit, such as suggestions for accommodation, restaurants, transfers, and more. If parents would like assistance with booking airport transfers, hotels, tickets for football matches, the Alhambra, or other excursions, we can personally manage and oversee these bookings for a minimal management fee, ensuring a smooth and enjoyable stay to optimize your visit to Spain.
